DRIVING LICENCE

🚗 Driving Licence: **B**

ORGANISATIONAL SKILLS

Am I organised?

- By doing my two internships, and one of them I was also studying at the same time, and by working and studying at the same time, I've become a lot more organised and self aware of the time I take to complete tasks.
- I also became very obsessed by a clean and organised work station because of my job as a Barista on a top tier water park. It had to be perfect. Also had to control timings on the confection of the orders I took.

COMMUNICATION AND INTERPERSONAL SKILLS

Can I communicate?

- As a member of a development team, I had to work on my social and communication skills. If there was a flaw there, it could cause a lot of damage;
- As a barista, I had to keep a very good relationship with my coworkers and my boss, since we had to help each other in the opening and the closing part of the day;
- I also learnt a lot by attending and serving clients. It's very important to make clients happy. They will always come back!
